Happy Plate CONCEPTS

Happy Plate Concepts fills plates with delicious food, but our mission is to also fill lives — our customers, our staff, our community. We're in the business of making things better for others…safe places for our guests to enjoy their time together, a better quality of life for our employees, and the loving restoration of existing properties to inject new life into local neighborhoods and communities.

Happy Plate is more than a restaurant group. We're an idea. We're a way of life. We're the warm feeling of home, where everyone can comfortably be themselves. You're more than welcome at every Happy Plate concept, where you can fill your plate, and your life, to the fullest.
